

*After Paragraph 4.103 1 line 4 Insert:*

## **Anchorage and harbours**

### **Belawan Deli Terminal**

#### **4.103a**

**General information.** An oil and gas terminal comprising a CBM ( $3^{\circ}43'22\text{N } 98^{\circ}53'21\text{E}$ ), is situated about 12 miles ESE of Belawan.

**Restricted area.** Entry to the terminal is restricted and anchoring is prohibited in an area surrounding the terminal.

**Directions.** From a position N of the terminal, the track leads S, passing:

E of two dangerous wrecks ( $3^{\circ}57'14\text{N } 98^{\circ}52'06\text{E}$  and  $3^{\circ}56'82\text{N } 98^{\circ}51'53\text{E}$ ), thence:  
W of a Gosong Deli ( $3^{\circ}53'80\text{N } 98^{\circ}56'40\text{E}$ ).

Thence the track continues S between two light buoys (lateral) to the berth.

#### **Useful marks:**

Sungai Ular Light ( $3^{\circ}40'78\text{N } 98^{\circ}54'35\text{E}$ ) (4.96).

**Berths.** A CBM with four mooring buoys is situated in depths of about 10 m.
